Rewards System

Relates to item 4.2 in the Trust Behaviour Policy

At Poppleton Ousebank, we have a consistent approach to behaviour throughout the school which promotes self esteem, self discipline and independence based on our school values. Our school values are developed in discussion with staff and pupils and set out our expectations of pupils' behaviour throughout the school. They are referred to by all staff in school.

Respect: We embrace difference and listen to others. We look after our school and belongings. We are polite and appreciate all that we have.

Kindness: We look after one another. We treat ourselves and others with care and thought. We are honest.

Resilience: We have a positive attitude. We approach every challenge with energy and optimism. We take pride in what we do and keep going.

Pupils are rewarded for displaying consistently good behaviour. Praise is also used to help raise pupil achievement and will be given for progress and effort, as well as high quality work. Sanctions System

Relates to item 4.3, 4.4 and 5 in the Trust Behaviour Policy

Unfortunately, there are times when children make the wrong choices and may not uphold our school values. This can result in sanctions. If sanctions are necessary, they will be applied fairly and consistently and be appropriate for the age and stage of a pupil's development. Consequences will be discussed with the individual with clear explanation.

Classroom Management

Teaching and support staff are responsible for setting the tone and context for positive behaviour within the classroom. Well-managed classrooms are paramount to preventing disruptive and unacceptable behaviour. Every class displays and uses the same behaviour system with a consistent approach from the very youngest children to the oldest in school. The behaviour chart is very visual and has been agreed by the children to ensure it is fair and consistent. Clear routines are put in place at the start of the year by the teacher and are embedded quickly with the children. There is a consistent approach to the teaching and delivery of core subjects so teaching and learning is affected to the minimum when teachers are absent. Positive approach to behaviour management through the use of walkthrus and positive framing and strong relationships are formed early to gain mutual respect from staff and pupils. Seating plans and table arrangements are carefully considered by the teacher in order to get the best out of the children. Visual timetables are used in every class to enable children to have a clear understanding of the schedule for the day and the expectations throughout.
